Krystina Marie Photography will be setting up in studio on May 9th from 12pm -4pm. We would like dancers to come in by team and then will also have a chance for individual photos.

It is likely you will need to come for more than one time slot if your dancer is in multiple classes.

What is very exciting about this opportunity is that any photos you decide to purchase, a portion will come back to the studio! You will be able to purchase any photo or none (no pressure) directly on her site.
